

COMMERCIAL FIXTURE

LONG LINE RECESSED

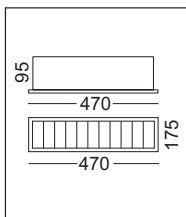

NOVA LOUVER

Cat. No.: 02GV 02GY

Lamp: FTL-2x36W(C*) FTL-2x18W(C*)

Finish: 01

Specification: MS housing incorporates all electrical accessories ballast, capacitor all connected to a terminal block. Mirror optic with a specially profiled specular parabolic reflector for wide angled lighting pattern. Specially designed bat wing reflector with lamella louvers.

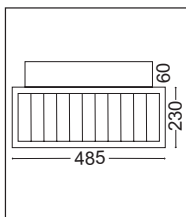

NOVA LOUVER

Cat. No.: 02PF

Lamp: PL-2x36W(PL-C*)

Finish: 01

Specification: MS housing incorporates all electrical accessories ballast, capacitor all connected to a terminal block. Mirror optic with a specially profiled specular parabolic reflector for wide angled lighting pattern. Specially designed bat wing reflector with lamella louvers.

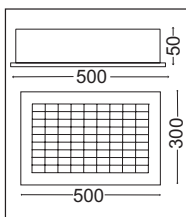

NEW MIRROR OPTIC

Cat. No.: 02PFN

Lamp: PL-2x36W(PL-C*)

Finish: 01

Specification: CRCA powder coated housing specially designed pre-anodized super high purity aluminium reflector, white cross aluminium louvers. Slim open copper ballast and accessories pre-wired upto terminal block.

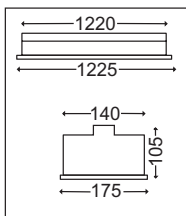

RECTANGULAR NEW SLP

Cat. No.: R136CFL/P5P R236CFL/P5P

Lamp: PL-1x36W(PL-C*) PL-2x36W(PL-C*)

Finish: 01

Specification: CRCA powder coated rectangular sheet steel housing fitted with parabolic shaped pre-anodized high purity aluminium reflector. P5 louver, slim open type copper ballast and accessories pre-wired upto terminal block. Electronic ballast available on request.

RECTANGULAR TYPE

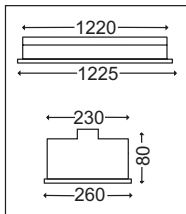

Cat. No.: 84PR

Lamp: FTL-1x36W(C*)

Finish: 01

Specification: CRCA powder coated housing specially designed pre-anodized super high purity aluminium reflector, ribbed, white cross aluminium louvers. Special clip on mechanism for fixing louver system. Slim open copper ballast and accessories pre-wired upto terminal block.

LONG LINE RECESSED

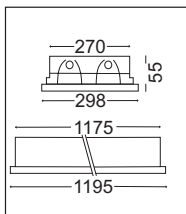

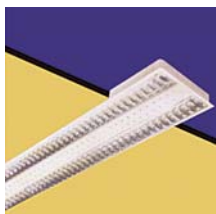

RECTANGULAR TYPE

Cat. No.: 84PQ

Lamp: FTL-2x36W(C*)

Finish: 01

Specification: CRCA powder coated housing specially designed pre-anodized super high purity aluminium reflector, ribbed, white cross aluminium louvers. Special clip on mechanism for fixing louver system. Slim open copper ballast and accessories pre-wired upto terminal block.

SPECIAL MIRROR OPTIC TYPE-III T-5

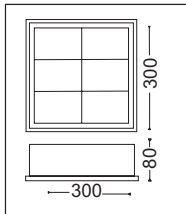

Cat. No.: 02UNC

Lamp: T-5 2x28W(E*)

Finish: 01

Specification: CRCA steel sheet in white epoxy powder coated housing. High efficiency specular double parabolic reflector system with back closed scalloped cross louvers. Suitable for armstrong/modular ceiling systems. Complete with electronic ballast accessories pre-wired upto terminal block.

RECESSED (300mm X 300mm)

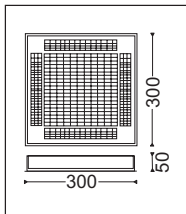

SQUARE TYPE REFLECTOR MODEL

Cat. No.: 02UT

Lamp: PL-2x11W(PL-C*)

Finish: 01

Specification: MS powder coated, reflector ultra bright with protective film, louver include CAT-2, dark light model. Complete with slim open type low loss copper ballast and accessories pre-wired upto terminal block. Electronic ballast available on request.

SLP SMALL

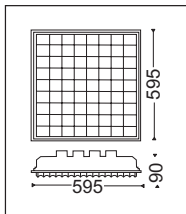

Cat. No.: 02VT

Lamp: PL-2x18W(PL-C*)

Finish: 01

Specification: CRCA powder coated housing fitted with parabolic shaped pre-anodized aluminium reflectors. Square para-lite P5 louver block, in metallic perforated frame. Spring loaded plastic toggles for fixing louver system. Slim open type copper ballast and accessories pre-wired upto terminal block.

RECESSED (600mm X 600mm)

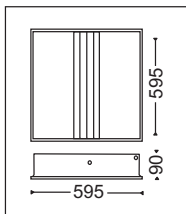

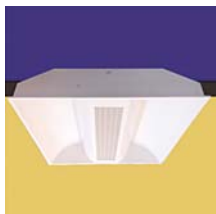

MIRROR OPTIC LOUVER SQUARE TYPE

Cat. No.: 02LK

Lamp: FTL-4x18W(C*)

Finish: 01

Specification: CRCA steel sheet in white powder coated housing. Specially designed aluminium dark light double parabolic mirror reflector and louver assembly system. Slim open type copper ballast and accessories pre-wired upto terminal block.

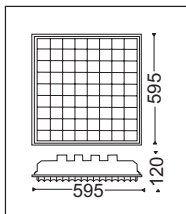

NEW PARA LIGHT P5 SQUARE TYPE

Cat. No.: R2x2/236P5

Lamp: PL-2x36W(PL-C*)

Finish: 01

Specification: CRCA steel sheet in white powder coated housing. Wing shaped reflector, detachable cylindrical shaped diffuser with paralite P5 louver. Complete with slim open type low loss copper ballast and accessories pre-wired upto terminal block.

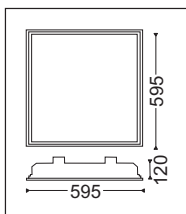

GLARE FREE SQUARE P-5 TYPE

Cat. No.: 02JPP5

Lamp: FTL-4x18W(C*)

Finish: 01

Specification: White powder coated CRCA sheet steel housing. P5 louver block in metallic frame Complete with slim open type low loss copper ballast and accessories pre-wired upto terminal block.

CLEAN ROOM SQUARE TYPE

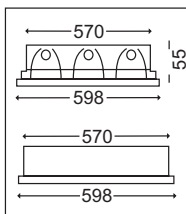

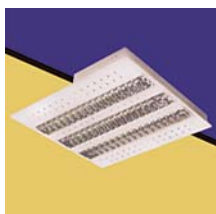

Cat. No.: 02LL

Lamp: FTL-4x18W(C*)

Finish: 01

Accessory: Acrylic Milky Clear and Prismatic

Specification: White powder coated CRCA sheet steel housing. Clear, Milky 2mm-3mm Acrylic diffuser fitted in a louver frame Complete with slim open type low loss copper ballast and accessories pre-wired upto terminal block.

SPECIAL MIRROR OPTIC TYPE-I T-5

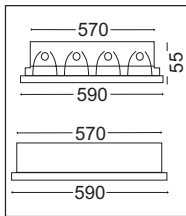

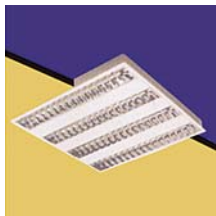

Cat. No.: 02UNA

Lamp: T-5 3x14W(E*)

Finish: 01

Specification: CRCA steel sheet in white epoxy powder coated housing. High efficiency specular double parabolic reflector system with back closed scalloped cross louvers. Suitable for armstrong/modular ceiling systems. Complete with electronic ballast accessories pre-wired upto terminal block.

RECESSED (600mm X 600mm)

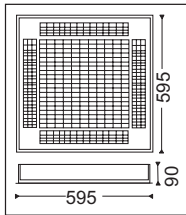

SPECIAL MIRROR OPTIC TYPE-II T-5

Cat. No.: 02UNB

Lamp: T-5 4x14W(E*)

Finish: 01

Specification: CRCA steel sheet in white epoxy powder coated housing. High efficiency specular double parabolic reflector system with back closed scalloped cross louvers. Suitable for armstrong/modular ceiling systems. Complete with electronic ballast accessories pre-wired upto terminal block.

SLP MIRROR OPTIC LARGE

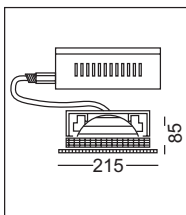

Cat. No.: 02VA

Lamp: PL-3x36W(PL-C*)

Finish: 01

Specification: CRCA powder coated housing fitted with parabolic shaped pre-anodized aluminium reflectors. Square para-lite P5 louver block, in metallic perforated frame. Spring loaded plastic toggles for fixing louver system. Slim open type copper ballast and accessories pre-wired upto terminal block.

RECESSED METAL HALIDE

DOWN LIGHT

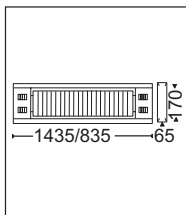

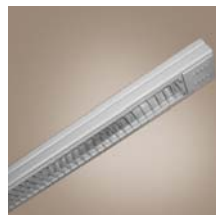

Cat. No.: 790B 790A

Lamp: MHDE-70W(C**) MHDE-150W(C**)

Finish: 01

Specification: CRCA housing with white powder coated rim, brightened anodized aluminium reflector and toughen frosted glass.

RECTANGULAR SURFACE MOUNTED

NOVA LOUVER

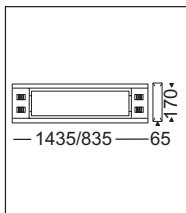

Cat. No.: 03JL 03JM

Lamp: FTL-2x36W(C*) FTL-2x18W(C*)

Finish: 01

Specification: MS housing incorporates all electrical accessories ballast, capacitor all connected to a terminal block. Mirror optic with a specially profiled specular parabolic reflector for wide angled lighting pattern. Specially designed bat wing reflector with lamella louvers.

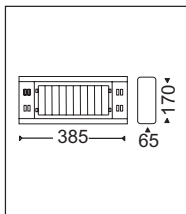

RECTANGULAR SURFACE MOUNTED

NOVA LOUVER WITH ACRYLIC

Cat. No.: 03JLN 03JMN
Lamp: FTL-2x36W(C*) FTL-2x18W(C*)
Finish: 01

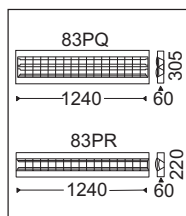

Specification: MS housing incorporates all electrical accessories ballast, capacitor all connected to a terminal block. Mirror optic with a specially profiled specular parabolic reflector for wide angled lighting pattern. Acrylic sheet, Clear, Milky 2mm-3mm fitted in the louver frame.

RECTANGULAR NOVA

Cat. No.: 03JV
Lamp: PL-2x11W(PL-C*)
Finish: 01

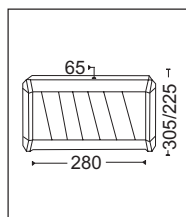

Specification: Rectangular MS powder coated housing with specially designed bat wing reflector with lamella louver. Slim open type copper ballast and accessories pre-wired upto terminal block..

RECTANGULAR TYPE

Cat. No.: 83PQ 83PR
Lamp: FTL-2x36W(C*) FTL-1x36W(C*)
Finish: 01

Specification: CRCA powder coated housing specially designed pre-anodized super high purity aluminium reflector, ribbed, white cross aluminium louvers. Special clip on mechanism for fixing louver system. Slim open copper ballast and accessories pre-wired upto terminal block.

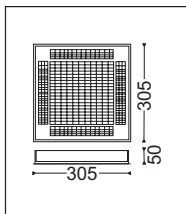

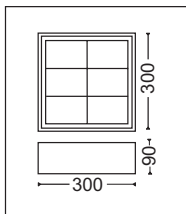

NEW RECTANGULAR TYPE

Cat. No.: 83PS 83QD
Lamp: PL-2x11W(PL-C*) PL-1x11W(PL-C*)
Finish: 01

Specification: CRCA sheet steel accommodating all electrical accessories pre-wired upto a terminal block. Reflector made of high purity aluminium sheet electro chemically brightened and anodized fitted with lamella louver. Stainless steel spring clips for fixing the reflector to the housing.

SQUARE SURFACE MOUNTED (300mm X 300mm)

SQUARE TYPE NEW REFLECTOR

Cat. No.: 03UT

Lamp: PL-2x11W(PL-C*)

Finish: 01

Specification: MS powder coated, reflector ultra bright with protective film, louver include CAT-2, dark light model. Complete with slim open type low loss copper ballast and accessories pre-wired upto terminal block.

SLP SMALL

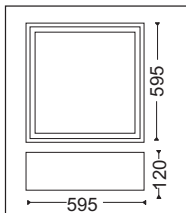

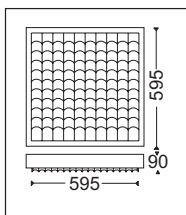

Cat. No.: 03VT

Lamp: PL-2x18W(PL-C*)

Finish: 01

Specification: CRCA powder coated housing fitted with parabolic shaped pre-anodized aluminium reflectors. Square para-lite P5 louver block, in metallic perforated frame. Spring loaded plastic toggles for fixing louver system. Slim open type copper ballast and accessories pre-wired upto terminal block.

SQUARE SURFACE MOUNTED (600mm X 600mm)

GLARE FREE SQUARE TYPE-P-5 LOUVER

Cat. No.: 03JPP5

Lamp: FTL-4x18W(C*)

Finish: 01

Specification: White powder coated CRCA sheet steel housing. Complete with slim open type low loss copper ballast and accessories pre-wired upto terminal block. Electronic ballast available on request. P5 louver block in metallic frame.

ACRYLIC CLEAN ROOM SQUARE TYPE

Cat. No.: 03LL

Lamp: FTL-4x18W(C*)

Finish: 01

Accessories: Milky Clear and Prismatic
Specification: White powder coated CRCA sheet steel housing. Clear, Milky 2mm-3mm Acrylic diffuser fitted in a louver frame Complete with slim open type low loss copper ballast and accessories pre-wired upto terminal block.

SLP MIRROR OPTIC LARGE

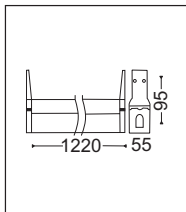

Cat. No.: 03VA

Lamp: PL-3x36W(PL-C*)

Finish: 01

Specification: CRCA powder coated housing fitted with parabolic shaped pre-anodized aluminium reflectors. Square para-lite P5 louver block, in metallic perforated frame. Spring loaded plastic toggles for fixing louver system. Slim open type copper ballast and accessories pre-wired upto terminal block.

SURFACE MOUNTED SLIM TYPE

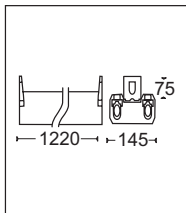

BOX TYPE SLIM

Cat. No.: 03JX

Lamp: FTL-1x36W(C*)

Finish: 01

Specification: Epoxy powder coated CRCA housing fitted with slim open type copper low ballast, capacitor and accessories pre-wired upto terminal block.

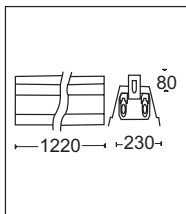

BOX TYPE

Cat. No.: 03JY

Lamp: FTL-2x36W(C*)

Finish: 01

Specification: Epoxy powder coated CRCA housing fitted with slim open type copper low ballast, capacitor and accessories pre-wired upto terminal block.

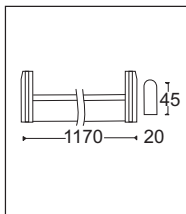

REFLECTOR TYPE

Cat. No.: 03KF

Lamp: FTL-2x36W(C*)

Finish: 01

Specification: Epoxy powder coated CRCA housing fitted with slim open type copper low ballast, capacitor and accessories pre-wired upto terminal block. Special MS reflector to concentrate the flood of light and reduce glare.

BOX TYPE SINGLE SLIM (L) T5

Cat. No.: 03VI 03VI(S) 03VI(L)

Lamp: T-5 1x28W(E*) T-5 1x14W(E*) T-5 2x28W(E*)

Finish: 01

Specification: ABS complete with lamp holder. Electronic ballast available only.
